

## Behaviour

Children who show excellent learning behaviours in lessons and follow our behaviour expectations are awarded team points. To be awarded a point, the children have to be in the right place, at the right time and doing the right thing. Class team points are then added together for our overall weekly team winner.

These are the points that have been awarded in each team this week:

Red	Blue	Yellow	Green
1304	999	1339	1080

The house that has won the overall points for this term is: **Red!**

### Whole School Attendance

This week: 93.4%

Our attendance target for the year is  
97%

Year to date 94.8%

### Class Attendance Winners this week:

1<sup>st</sup> place – Class 4D 100%  
2<sup>nd</sup> place – Class 2C 97.14%  
3<sup>rd</sup> place – Class 3/4C 96.13%

## Up and Coming Key Dates

Date:	
12/06	MATlympics
17/06	LKS2 Science trip to Magna
19/06	School class photos
24/06	Y1/2 Woodland adventure trip
26/06	Y1 Woodland adventure trip
27/06	Watert10 Party Day (details to follow)
01/07	Y2 Woodland adventure trip
04/07	School closed for polling day
08/07	UKS2 sports day
09/07	LKS2 sports day
10/07	Reception sports day
11/07	KS1 sports day
12/07	Transition day to new classes
15/07- 17/07	Year 6 Residential to Kingswood
17/07	End of year reports out
18/07	Year 6 leavers event (details to follow)
19/07	Last day of term & Year 6 leavers' assembly

### Special mention

RB: Rhue H

RP: Ivy M

1M: Harvey B

1/2C: Rueben G

2C: Lachlan R

3R: Riley T

3/4C: Amanda N

4D: William T

5S: Jake T

5/6M: Kalum T L

6P: Bethany N

Well  
done!

### Academy Updates

Our holiday club will be running from Monday to Friday, from the 29<sup>th</sup> July until the 23<sup>rd</sup> August. More information will be coming out later this week.

### **1M (Mrs Mayman)**

This week in 1M, we have started our new topic in Geography. We located Kenya on a map and observed the distance from the equator. Then we discussed what the weather is like in Kenya and compared it to the weather where we live. We made predictions on the weather in Kenya and then checked this. We have also started a new topic in PE. We have focused on finding a good starting position to enable us to move quickly from our space.

### **1/2C (Miss Carter)**

This week in 1/2C we have loved exploring what a silhouette is in Art and have produced excellent sketches of various African animals. We experimented with splitting our sketches into a detailed line sketch half and a half that only showed the silhouette of the animal. We also looked at different ways to hold our pencils to create different effects when sketching and shading.

### **2C (Mrs Carter)**

2C have showed their keen skills in Geography this week as they identified Kenya on the map and used their knowledge from our previous topic, We All Went On Safari to recap their knowledge of Tanzania. We then compared the weather and climate in the UK to that of Kenya, using our understanding of the North and South Poles and the Equator to explain the differences between them.

### **3R (Miss Radband)**

3R have certainly had a busy first week back at school! The children have worked hard in our Ancient Egyptians topic, focusing this week on why and how the pyramids were built! In PE, we have developed our passing, catching and teamwork skills in basketball. Keep up the hard work, 3R!

### **3/4C (Miss Corner)**

3/4C have had a superb return to school this week! In Science, we have continued our topic of Magnets and learnt what it means when magnets attract or repel each other, we even draw detailed diagrams that demonstrated our understanding! During Maths lessons, we have continued our Fractions topic. This week we have developed our understanding of improper fractions, using our multiplication tables to help us. Well done 3/4C!

### **4D (Mrs Bunting)**

This week, 4D have worked extremely hard and we are very proud of what they have achieved. In history, we have discovered how the pyramids were constructed thousands of years ago and couldn't believe how intelligent the Egyptians were. In PE, we have refined our ball skills in basketball. In DT, we have started our new topic on bread! Enjoy a restful weekend.

### **5S (Miss Sales)**

5S have worked incredibly hard this week to correct and improve their previous writing pieces. In reading, we have practiced looking at different texts, such as poetry, and answered questions on them.

We have begun our new Art unit which is: abstract art. We have had so much fun looking at how colour can convey feelings and how shapes can create different images. We also had two police officers in class to talk about online safety. We were very respectful and impressed the officers with our knowledge.

### **5/6M (Mrs Moodley)**

This week in 5/6 M, we were exploring different units of measurements. We converted from one unit of measurement to another and wrote measures as a decimal number. In English, we continued to read Black Powder and did a visualisation to further develop our understanding of the text. We investigated and inspected a range of materials to identify their common properties – what a surprise to us that foil wasn't magnetic. We had a great time testing different materials to identify their properties. Well done!

### **6P (Mrs Parry)**

This week, Year 6 have begun work on their Theme Park project: so far, we have chosen our name and theme and designed our layout, ensuring our costs do not exceed our budget. The children have also enjoyed practising their architectural-drawing skills in art, creating sketches of buildings, considering proportion in their work. In History, the children have engaged in some fantastic conversations around Democracy and UK politics. Well done, 6P, for another super week!
