

Behaviour

Children who show excellent learning behaviours in lessons and follow our behaviour expectations are awarded team points. To be awarded a point, the children have to be in the right place, at the right time and doing the right thing. Class team points are then added together for our overall weekly team winner.

These are the points that have been awarded in each team this week:

Red	Blue	Yellow	Green
1060	1055	922	1031

The house that has won the overall points for this week is: **Red!**

Whole School Attendance

This week: 93.9%

Our attendance target for the year is
97%

Year to date 94.7%

Class Attendance Winners this week:

- 1st place – Class 4D 98%
- 2nd place – Class 3/4C 97.1%
- 3rd place – Class 5S 96.67%

Up and Coming Key Dates

Date:	
24/06	Y1/2 Woodland adventure trip
26/06	Y1 Woodland adventure trip
27/06	Watert10 Party Day & sponsored bounce
01/07	Y2 Woodland adventure trip
04/07	School closed for polling day
08/07	UKS2 sports day
09/07	LKS2 sports day Y2 Sun Safety Talk
10/07	Reception sports day Year 6 Pantomime 6pm
11/07	KS1 sports day Year 6 Pantomime
12/07	Transition day to new classes Summer concert 1:45pm
15/07	PTFA School Disco
15/07- 17/07	Year 6 Residential to Kingswood
17/07	End of year reports out
18/07	Year 6 leavers event
19/07	Last day of term & Year 6 leavers' assembly

Special mention

- RB: Charlie M
- RP: Murphy M
- 1M: Cynthia G
- 1/2C: Bella B
- 2C: Naira B
- 3R: The Class
- 3/4C: Florence M
- 4D: Jesse C
- 5S: Anaiya B
- 5/6M: Ryan de V
- 6P: Harry J

Well
done!

Academy Updates

- Lower Key Stage 2 had an amazing trip to Magna this week. They were impeccably behaved and represented our school in such a positive light!
- A huge well done to our year 2 children who have completed their end of Key Stage assessments this week. They have all worked so hard and we are so proud!

Reception (Miss Peden & Miss Brzostowska)

This week in Reception our focus text has been Lost and Found. The children have thought about different climates, ways of travelling to different countries and how to help people when they are feeling lonely. In maths we have revisited comparison and working out what is one more or one less than a given number.

1M (Mrs Mayman)

This week in 1M, we have been working really hard on our fluency during phonics. We have been practising reading and re-reading our books and we could not believe the difference that it has made. We have all promised to keep reading lots at home too. In art this week we have been exploring how to use soft pastels in our sketchbook to see the different effects they can make.

1/2C (Miss Carter)

This week in 1/2C the children have enjoyed geography lessons and thoroughly enjoyed understanding the life cycle of a drought. They were so interested to learn and explore the impact that these can have on the wider community. The Year 2 children have been amazing during assessment week. They have really given 100% and we are all really proud of you!

2C (Mrs Carter)

2C have thoroughly enjoyed science lessons this week. We have been investigating materials and looking carefully at their properties. We loved doing an investigation to find out which materials were waterproof and which were not. We have been so proud of the children during their assessment week. They have really done themselves proud!

3R (Miss Radband)

On Monday we visited Magna Science Centre where we explored the four elements: air, fire, water and earth. We also took part in a magnets workshop and were amazed by the electro-magnetic field we were shown which made objects float! Our favourite part of the day was water because we enjoyed exploring the different ways water can be used in everyday life.

3/4C (Miss Corner)

On Monday we visited Magna Science Centre where we explored the four elements: air, fire, water and earth. We also took part in a magnets workshop where we furthered our understanding of repel and attract, experimenting with different objects to see which were magnetic. Our favourite part of the day was seeing the fire tornado! It was extremely hot and worked quickly. We wish we could go back!

4D (Mrs Bunting)

On Monday we visited Magna Science Centre where we explored the four elements: air, fire, water and earth. We also took part in a magnets workshop where we tested the strength of magnets. Did you know some magnets can hold up to 24KG of weight? Our favourite part of the day was earth because we were able to use pulleys and levers to move materials.

5S (Miss Sales)

5S have been completing tests this week. The children have worked incredibly hard and I am very proud of them. In writing, we have started to create our own comic based on our book 'Black Powder'. In Maths, we have continued looking at decimals. We have explored Henry v111 this week and why he broke from the Roman Catholic Church. The children were very interested in this topic and showed they had retained lots of knowledge!

5/6M (Mrs Moodley)

5/6M have had another busy week. The year 5 children have tried really hard in their assessments this week. We are so pleased with the progress they have made. In Art and Design, we continued to develop our drawing skills and did some exploring with different types of pencils. Also, we compared Elizabethan architecture to Gothic architecture. In History, we researched King Egbert and William I and compared their rule. In English, the children have created a comic strip about an event from Black Powder. Well done!

6P (Mrs Parry)

Year 6 have continued to enjoy working on their Theme Park projects this week: children have been calculating weekly running costs and using these to determine entrance fees and calculate profit margins. We have some shrewd business-people in 6P!
In writing, children have continued crafting their reports about South American animals, demonstrating some super writing skills. We have also been working hard in rehearsals for our pantomime. Well done, 6P!
